To my brothers at all levels of involvement

We are all aware of the devastating effects of the earthquake that struck Haiti last month. I have been informed by Supreme that there is a terrible need for wheelchairs to help the injured. Reportedly there are 75 amputations occurring every day. Therefore the need for wheelchairs is acute.

Though the efforts and support of the Global Wheelchair Mission, with whom Supreme has established a partnership, we are seeking to fulfill our mission to assist those who suffer from a lack of mobility.

Our Supreme council has issued a contribution of 1000 wheelchairs and Brother Knights across the country are responding to this effort. It is suggested that each council ask their pastors to allow the Knights to collect funds on one weekend to help in this effort.

For additional information please go to: <http://www.msnbc.msn.com/id/35103003>

Supreme is also asking local councils, federations and chapters to participate. Of course your State council will be making another donation to this effort having already sent a donation to the Catholic Relief Agency when this tragedy first occurred.

All donations should be made out to "American Wheelchair Mission" marked for Haiti and sent to the following address:

Dan Moberg, PGK, PFN, FDD  
American Wheelchair Mission  
Director of Public Education  
2600 E. Seltice Way # A172  
Post Falls, ID 83854

I am confident that the Knights in New Jersey will step up and participate in this effort.

Herb Meyer  
State Deputy
